

【Public Announcement】 Deferral of 2021 LUI Che Woo Prize – Prize for World Civilisation

3 JUN 2021

The prevalent and unpredictable development of the Covid-19 pandemic might have hampered and affected the prize nomination and adjudication of the LUI Che Woo Prize, leading to less than ideal recommended nominees. The Prize Council therefore recommended that the prize adjudication process be discontinued for this year.

The global pandemic has also brought negative impact on the preparation and organisation of prize-related activities. After thorough consideration, the Board of Governors decided that the selection process of the LUI Che Woo Prize and its related activities should be deferred until the situation improves and allows.
