

【Public Announcement】 Deferral of 2020 LUI Che Woo Prize—Prize for World Civilisation

3 MAR 2020

While the world is making tremendous effort in combating the novel coronavirus (COVID-19), the Board of Governors (The Board) of the LUI Che Woo Prize has decided to defer the selection process and the prize presentation ceremony to next year (2021).

In accordance with the Prize protocols, more than 20 members of the Prize Recommendation Committee and the Selection Panels from 7 countries were to get together in Hong Kong in February and March this year to examine nominations for each Prize category. The said process involves certain rounds of face to face intensive discussions.

The decision of deferral made by the Board aims at ensuring the safety of members and employees attending meetings and events, while upholding standard of the selection process.
